Action Items

In the 2/12/2019 open session of the city council my written communications and related oral communications were discussed by the council related to actions the city may need to take in advance of the Plaza Hotel and North School Construction Projects, to ensure project specific truck routes are enforceable and able to protect resident safety, health, quality of life and property rights.

Additionally I believe that council asked staff and the police to investigate what can be done to identify truckers that are knowingly ***breaking the law*** by using 27th Street for thoroughfare (e.g. large delivery trucks serving Plaza area and Hermosa Ave businesses ***as well as*** identifying large construction trucks using 27th for thoroughfare to serve residential and commercial construction projects throughout the westside of Hermosa Beach; not north Hermosa as would be required by the cities direct route laws and no trucks signs east and westbound on 27th.

In several emails prior to my oral communications in the 2/26 council meeting i pointed out that neither the city council meeting agenda nor the City Manager Report to the council tracked "deliverables" requested by the council related to public oral or written communications agenda items.

Accordingly, I make the following public records request:

1. Copies of all documents, meeting notes or e-communications that ***define*** or ***document*** this council request for information.
2. Copies of all documents, notes or e-communications issued to staff or the police department that instruct staff on ***how to fulfill this request***.
3. Copies of all notes, documents or e-communications from staff, the police department or city attorneys ***that respond to this request or ask for clarification or further instructions***.

Thank You
Anthony Higgins
